

CHILDREN BEG FOR MOTHER'S LIFE AS HER THROAT IS CUT

Three Negroes Are Arrested for the Crime and a Company of State Militia Save Them From Being Lynched by a Mob—Troopers Disarm the Infuriated People.

Waynesboro, Georgia, Dec. 16.—A company of state militia was on guard at the jail here all night to prevent mob from lynching three negroes accused of murder. The three are George and William Hart and Robert Puschel, under arrest for the killing of Mrs. Beth Fry, wife of a farmer near Waynes, Ga. A large crowd gathered about the jail. Firearms were taken from many of them and a number of arrests made.

Mrs. Fry was murdered in the presence of two little daughters on Sunday night by three negroes, who came to collect a 50-cent debt. According to reports, she was seized by the men and her throat cut while the two children begged for her life.

The three negroes held were arrested on Sunday and rushed to Louisville, Ga., to prevent violence. Yesterday a mob gathered about the Louisville jail, and the prisoners were brought here.

HOPE TO FLY ACROSS OCEAN THIS SUMMER

Several Serious Preparations Already Under Way, and One American Will Try to Make the Journey in Thirty-six Hours Without Stopping—Glenn Curtiss Hopes.

London, Dec. 16.—A Paris dispatch to the Daily Mail says one of the best qualified authorities to speak on the possibility of the waterplane is Glenn Curtiss, the United States constructor who met at the aero show. He told me that he considered it extremely probable that the "Daily Mail" plane, for the first airplane to cross the ocean in 72 continuous hours would be won this summer.

Mr. Curtiss knows of more than one serious preparation to win the prize.

He admitted he had been requested to supply the engine for the plane which he considers there was great chance for success, but the organizer is not yet prepared to publish the details of the statement.

Mr. Curtiss favors a descent during the journey for obtaining petrol and supplies from a liner by means of a rope. An American, who is contemplating the attempt, however, would try to make the journey in 36 hours without stopping.

PELICAN GAS BYLAW WILL LIKELY PASS TO-DAY

Alldermen Will Meet This Afternoon to Deal With Matter—May Fix Date for Plebiscite and Submit Bylaw for Money to Explore Belly River Anticlines.

The city council will meet this afternoon at 2:30 o'clock in what will probably be the last session of the present aldermanic board. At the meeting last week most of the business was cleaned up and the adjourned meeting for this afternoon announced for the purpose of finally passing the bylaw to be entered into with the Pelican Oil & Gas Co. If this agreement, as it has now been drafted,

is approved, the council will probably name a date when it will be submitted to the people, together with money bylaw to raise out of current revenue a sum sufficient to cover the cost of exploring for gas in the Belly river anticlines, as recommended in the Chapin-Underly report.

The council will have the final say as to whether they wish to adopt or reject either or both of these propositions.

SLEEPS ON THE TRACK AND IS KILLED BY STREET CAR

Wilfred Robertson Fatally Injured Near McKernan's Lake on 'South Side Last Night—Was Not Seen by Motorman Owing to Curve in Line—Dies on Way to Hospital.

While hundreds of happy and laughing couples were returning home after an evening's fun at McKernan's Lake last night, a man was run over by a street car and instantly killed, not far from the scene of pleasure.

Wilfred Robertson is the name of the unfortunate man, and he has been residing with his brother at the corner of Seventh street west and Sixth avenue south-west. As far as can be ascertained no one is to blame for this unfortunate accident. From enquiries made by the police, it appears that Robertson was lying asleep on the track, and, as at this particular spot

there is a sharp curve, the motorman was unable to see the man until too late to prevent the fatal accident.

The car, No. 40, was in charge of Conductor William Lassard and the motorman was quickly on the scene and conveyed the man to the streetcar hospital, but he was released before the ambulance reached the hospital. The body was removed to Taylor's undertaking parlor at the corner of Corner Cart. The Capital has been given to understand that an inquiry will shortly be held, to inquire into the circumstances connected with this accident.

DUTIES OF GERMAN MISSION TECHNICAL

Grand Vizier of Turkey Replies to Ambassador as to Military Work.

Constantinople, Dec. 16.—The grand vizier yesterday replied to the ambassador of Great Britain, France and Russia with respect to the German mission technical, which is taken up in the capacity of the Ottoman army. The ambassador had demanded that the grand vizier not in writing the precise details of the role to be assumed by the mission. The grand vizier now replies that the duties of the mission will be purely technical and declares that they will have no authority over the barracks and hospitals.

Piles Cured in 6 to 14 Days

Discharge refund money if 1200 GENTLEMAN fails to cure itching, burning, itching or bleeding. First application gives relief, 50c.

The ONLY WAY To Stop DRINKING

The irresistible craving desire which drives all drinking men on and ultimately wrecks their physically, mentally and financially can be removed by the NEAL INSTITUTE in 2 days without the use of hypodermic injections. Act at once and investigate the NEAL Treatment. It is a safe, sure, very-very-very remedy, quick of action.

UNWARRANTED MILK

SCARE IN REGINA OWING TO ERRORS

Investigation by Provincial Experts Show Traces of LACTEAL FLUID WAS SOLD UNDER GUARANTEE

Dominion Officials find Method of Testing Erroneous and Milk Pure.

Regina, Dec. 16.—A sensation was caused yesterday by the statement that the "pure milk" sold under a city guarantee for babies of the poor came from cows infected with tuberculosis. Provincial government tests resulted in showing that none of the cows were suffering from the white plague. The tests conducted by the dominion government and the provincial officials, conducted under another method, showed the cows free from infection, and the dominion and provincial authorities state the provincial method of inter-herd inoculation is unsatisfactory and liable to error.

Washington Press club has moved to new quarters, top floor of the new building.

Pure Blood

Is absolutely necessary to give the health that brings happiness, good appetite, restful sleep, and makes you eager for life's duties. HODD'S SARSAPARILLA makes pure blood and so creates this much-desired condition.

MINISTER REBUKED FOR PREACHING ON THE RIOT CASES

Preacher Says Mine Owners Should Be in Jail for Activities.

JUDGE DISAPPROVES OF OUTSIDE INFLUENCE But If Dr. Fraser's Comments Are Correct Serious Condition Exists.

Vancouver, Dec. 16.—Justice Morrison yesterday morning administered a rebuke to Rev. Dr. H. W. Fraser because the latter had commented in a sermon Sunday evening on the Nanaimo riot cases now before the special sessions.

Dr. Fraser had accused Sir Richard McBride and the provincial and dominion governments of negligence in not averting the labor troubles and of not offering a settlement subsequently and expressed the opinion that the mine owners deliberately introduced the strike breaker into the struggle between the men and the operators with a view to working up a climax so that the militia would be called to the district.

The preacher said he thought that the mine owners should be in jail for their activities, as in his belief, they were really responsible for the riots. Justice Morrison said today that he disapproved of the practice of trying cases by public discourse before they had been heard by the courts. Several of the cases had not yet been decided by the jury and it was not until after the cases were heard by the jury that the law to do so. It was unfortunate that the spokesman of a prominent church had dealt with matters of the gravest importance in this way.

Dr. Fraser happens to be a pastor in my own church," Justice Morrison continued. Before making such statements a person should get the absolute truth, not give a distorted picture of what exists in British Columbia. I cannot conceive of a more serious act than to start an agitation for the jury to select their own sides. If Dr. Fraser's statements are correct then a very serious state of affairs exists here.

Dr. Fraser has been in Vancouver several years. He is an American citizen when he came from an Oakland church to Vancouver.

STARVATION OR SUICIDE FATE OF MURDERER

Ralph Lopez is Sealed Up in Apex Mine and Sheriffs Gully Await End.

Fincham, B.C., Dec. 16.—With all the upper workings of the Apex mine sealed up, the fate of the murderer of the late Mrs. J. H. Jones, who was in charge of the mine, is a matter of much interest. The body was removed to Taylor's undertaking parlor at the corner of Corner Cart. The Capital has been given to understand that an inquiry will shortly be held, to inquire into the circumstances connected with this accident.

Letters from all parts of the United States and from Canada and 1000 purporting to be from Lopez have been received by the sheriff. One received yesterday from Vancouver, B.C., bore a striking likeness to his handwriting.

TRAFFIC POLICE SHOULD ADOPT WHISTLE SIGNAL

System in Vogue in Other Cities is Much Preferable to Waving and Signs.

Many citizens think that it is time that the traffic policemen at First street and McDougall avenue adopted the system now in use in every city of any size in the United States and Canada. There is no better time to "break in" the whistle than right now, while the city is growing and not so large as it will be later on. It will be easier for the policemen and easier for the traffic.

The present system of "signs" and "waving" is difficult to understand at times and better suited for a city the size of Edmonton.

DOOD'S KIDNEY PILLS
R23 THE PRO...

YOUR BAD TASTE IN THE MORNING IS DUE TO CATARRH

Destroy This Painless Disease Before Your Health is Seriously Injured.

Perhaps you haven't thought of calling this unpleasant symptom that affected your nose and throat by any particular name—but it's Catarrh just the same.

When the attack is severe, your eyes are watery and look weak. Your breath is offensive, due to inflammation in the nose and throat. At last science has discovered a real remedy, a new scientific marvel which acts like no other Catarrh remedy on earth. "Catarrhizone" operates on a new plan; it is a direct remedy, goes instantly to the source of the trouble. Its rich, fragrant essence and healing balsams are breathed in vapor form through a special inhaler and give instant relief.

Catarrhizone doesn't stop at the relief stage—it goes further—keeps on going till a cure is effected. Bad cases are cured, as you can judge from the following letter:—"Spore morning for its months, last winter I awoke with a bad taste, an awful breath and started up feeling in my nose terrible. I was simply an awful case of chronic Catarrh. I used that inhaler twenty times a day and took it to bed with me at night. I am cured, and by the way, Catarrhizone also cures colds, coughs, colds, headache, or cramps."

No medicine on earth is so certain to cure every form of Catarrh or throat trouble as "Catarrhizone." Get the large \$1.00 size, lasts two months and is guaranteed; medium size 50c; small size 25c. All stockholders, druggists, or The Catarrhizone Co., Buffalo, N.Y., and Kingston, Canada.

MUCH DESTRUCTION DONE BY VOLCANO IN NEW HEBRIDES

Six New Craters Form on West Coast of Island Since December 6

STEAMER RESCUES 500 AT SEA IN CANOES

No Casualties Occur Among the White People on the Islands.

Melbourne, Dec. 16.—Despatches from Noumea, capital of the French colony of New Caledonia, report that great destruction has been brought about by a volcanic eruption in the New Hebrides group. Six new craters were formed on the island since December 6. The following day Mount Mounie collapsed and many villages were overthrown by streams of molten lava. The majority of the inhabitants sought refuge in canoes and boats, and a steamer rescued 500 natives.

No casualties are reported among the white people, whose numbers were said to be well over a hundred. Many natives in the interior perished.

Ambrin Island is about 50 miles in circumference and is somewhat sparsely inhabited.

Tokio, Dec. 16.—The strongest earthquake that was ever recorded here yesterday and was felt over an extensive area. Houses in Tokio and Yokohama were violently shaken, the people were greatly alarmed. So far as can be learned there were no casualties and no damage was confined to buildings and brick-work.

The yearly average earthquake record for Tokio is 15, according to the result of the observations extending over 26 years. During the last 26 years there have been 100 earthquakes. In other parts of Japan, however, heavy earthquakes are common. In June, 1904, in the Senriki districts (North Japan), 2,500 persons were killed; in Formosa in February, 1906, 1,238 and in an earthquake which occurred August 11, 1906, at Mine-Omi destroyed nearly 10,000 houses and killed 50 people.

FISH SHORTAGE EXPECTED

London, Ont., Dec. 16.—The fish market of western Ontario, at least those supplied from Lake Huron ports, are due for a big shortage this winter. War has reached this city from practically every port between Point St. Charles and Goderich and Collingwood. At least 75 per cent. of the catch, which was destroyed in the recent storm or badly damaged. Meanwhile the catch will be greatly reduced.

CHICAGO BALL PLAYER SAVES EIGHT CHILDREN FROM DEATH

Salvation Army Home in Cincinnati Destroyed by Fire and Two Dead and One Fatally Injured—One Woman and Two Children Missing Are Thought to Have Also Perished.

Cincinnati, Dec. 16.—Two are known to be dead and one fatally injured, a woman and two children missing and thought to have perished in a fire which swept the Salvation Army home for men here last evening. The fire broke out at midnight. Scores were overcome by smoke, but it is only thought eight or ten of the dead or injured. The fire has been identified as they were transient lodgers at the home. The loss is estimated at \$100,000.

Among the heroes of the fire was

AWFUL TALE OF DEATH AND LOSS ON GREAT LAKES

Twenty Boats Wrecked During Great Storm and Otherwise.

LIVES LOST NUMBER 276, ACCIDENTS 300

Money Loss During the Year 1913 Amounts to About \$7,087,000.

Detroit, Mich., Dec. 16.—In the 1913 season of navigation on the Great Lakes now closing, 276 boats ended their existence, about 275 lives were lost and 300 or more minor accidents occurred.

In 1912, 35 lives were lost, 19 vessels were wrecked and 200 minor accidents occurred.

The most important loss of the season in 1912 was the sinking of the steamer James C. Taylor, on Lake Superior by collision with the steamer Peninsular, the combined loss of the ship and cargo being \$300,000, while this season there were seven losses, each of which exceeded that amount.

The loss of life would have been comparatively small this year had it not been for the big storm of November 9-11, when all the year's losses of life except seven were recurrent.

An approximate estimate places the total money loss of the season of 1913 at about \$7,087,000, including loss of cargoes, damage by collision and stranding.

This is undoubtedly the biggest season's loss ever recorded on the lakes, and is more remarkable that it occurred largely at one time.

The total financial loss to steamers and cargoes, aside from this storm, would have hardly exceeded \$1,000,000.

OSCAR ANDERSON DIES FROM AWFUL GASOLINE BURNS

Was Lighting Fire in Home Near Toilets When Accident Occurred.

LITERALLY COOKED BY INFLAMMABLE FLUID Brought to Royal Alexandra Hospital and Expires Despite Every Care.

Oscar Anderson, the young man who was admitted to the Royal Alexandra hospital on Sunday, suffering severely from burns received while trying to light a fire with gasoline near Toilets Creek, five miles east of Toilets, died last night.

When the unfortunate man was admitted to the Royal Alexandra hospital there was scarcely an inch of his body that was not terribly burned, his face and hands being literally cooked. A special room had to be prepared for him, a fire with gasoline, near Toilets Creek, five miles east of Toilets, died last night.

The body was removed to Anderson's home, undertaking parlors, where it will be held until the father of the young man arrives.

TO PROHIBIT POACHING

Ottawa, Dec. 16.—The Gallies, the new fisheries protection cruiser for use on the Pacific Coast, will leave Detroit dockyards on January 1st. The Gallies has just arrived at Victoria. Its vessels are to be used to prohibit poaching.

LAWYER UNDER ARREST

London, Ont., Dec. 16.—T. H. Lusk, a well known lawyer, was placed under arrest yesterday charged with the theft of \$1,000 from a client named Whelan, who says the charge against him is a forgery.

Whelan claims that he applied the money given him for investment in chattel mortgages.

ICES' CREAM BAKING POWDER

Pure—Wholesome—Reliable—Indispensable

Its fame is world-wide. Its superiority unquestioned. Its use is a protection against alum food. In buying baking powder examine the label carefully and be sure the powder is made from cream of tartar. Other kinds do not make the food healthful.

The Human Bake Oven

Suffers from rheumatism, lumbago, gout, neuralgia, sciatica, and other ailments caused by bad blood and poor circulation, should lose no time in taking advantage of this wonderful method of relieving pains and aches. The intensely heated dry air treatment has permanently restored to health hundreds of men and women in various parts of the United States and Canada

Read the Testimony of Mrs. Susanna Lister, 30 York Street, Edmonton:

To the Edmonton Sanatorium:

I suffered with rheumatism about four years. My limbs gave me much pain, and at times I could hardly walk. At no time in the four years did I have ease.

I have taken two weeks' treatment in the Human Bake Oven, and can truthfully say that I am well. I could walk with ease after the first treatment.

My nerves were also in a very bad condition, and this trouble has also disappeared entirely.

Today I feel like a new woman.

I wish every sufferer to the Human Bake Oven treatment, and I hope that all sufferers will be led to the Edmonton Sanatorium.

It did wonders for me and I know it will do the same for others.

At first I was afraid I could not stand the treatment in the Human Bake Oven, but I soon found that it is a most delightful experience.

I offer this letter of my own free will, without any solicitation whatever. I want others to know of this wonderful treatment for rheumatism. I cannot speak too highly of it.

(Signed) MRS. SUSANNA LISTER
Edmonton, Alta., Dec. 10, 1912.

MRS. SUSANNA LISTER

What the Human Bake Oven did for Mrs. Lister, it will do for men and women suffering from similar ailments. The treatment has proved highly successful in a large number of the most obstinate cases, which were looked upon as chronic or incurable. It does its work well.

The management of the Edmonton Sanatorium lays no claims whatever to curing really incurable diseases, but we have ample documentary proof, in the shape of signed statements and testimonials from grateful patients, that the Human Bake Oven treatment has positively relieved many diseases and complaints.

The Edmonton Sanatorium is permanently located at 624 Fourth Street. No charge is made for consultation. There are trained nurses in attendance for women and children. Telephone 1738 for appointment.

FARMERS WILL TELL ORDERS OF THEIR PRESSING NEEDS

Desire Free Wheat as Opening
Wedge to the United
States Market.

WOULD INCREASE THE
BRITISH PREFERENCE

Also Wish Free Admission of
American Agriculture
Implements.

OTTAWA, Dec. 16.—Three outstanding
questions are to be discussed in to-
day's interviews with the government
by the dominion council of agricul-
ture. One is free wheat, another the
increase to 50 per cent. of the British
preference, and the third the question
of free agricultural implements. In
addition a number of other matters
will come up incidentally.

The first part of the delegation ar-
rived yesterday morning and the other
came last night. About a dozen at
all will be here.

In regard to wheat, the delegation
will ask that it be placed on the free
list in order that the controversial
duty now imposed by the United States
may be removed and entry secured to
the market. The United States tariff
opens the United States market to
wheat from such countries as admit
of wheat and wheat products free.

It will be necessary for Canada to
make American wheat and flour free
from that country will render the
duty of 10 cents a bushel now im-
posed on the Canadian wheat.

The ultimate object of increasing
the British preference is to bring about
free trade between Great Britain and
Canada. Free agricultural implements
will be again asked for as was done in
1910.

The duty is now 17-1/2 per cent. It
is represented that the Canadian im-
porters are able to stand what is
asked and that it will lead to a
greater development.

The delegation will go on record
against assistance to railways and ac-
tively against public assistance to pri-
vate enterprises.

They will deal with the question of
western freight rates and endorse the
present procedure before the rail-
way commission desired to secure
reduction on them. The establish-
ment of grain sample markets will be
mentioned and incidentally the de-
legation and grain inspection will be
raised.

We represent the dominion council
of agriculture, which includes the do-
minion farmers, the United Farmers of
America, the Grain Growers' associa-
tions of Manitoba and Saskatchewan
and other farmers' organizations. We
are in perfect harmony as to what we
want and the means we mean to take
to get it, and as one of the delegates
yesterday.

We are now selecting our speakers
and preparing the cases we intend to
submit to the premier. So far no di-
versity of opinion has occurred in our
councils. We have united opinion behind
one case which we feel to be in-
contestable. After the interview, what
ever may be the result, we shall have
a statement to give out for the pub-
lic. We mean to give the government
every chance to do what we believe to
be the right thing. Our case, we
think, to be overwhelming, and we
will not anticipate any other course
than compliance with our reasonable
requests.

"As a result of what has happened in
the west in recent years, our case has
been much strengthened, and we feel
justified in calling on the government
to take a decided stand in favor of
us. We shall present our case, we
expect to be in session for the remain-
der of the day after waiting upon the
government and will then have a state-
ment to make."

The delegation was again in consulta-
tion over the last night over the demands
to be made by them on the government.
They have been joined by F. W. Green,
J. A. Mackay and Messrs. J. W. Ward
of the Grain Growers' Grain Co., and
Chapman, of the Grain Growers' Guide.

Household Economy

How to Have the Best Cough
Syrup and Save \$2, by
Making It at Home.

Cough medicines, as a rule, contain a
large quantity of plain syrup. If you take
two cups of granulated sugar, add one
cup of warm water and stir for 2 min-
utes, you have as good syrup as money
could buy.

CLASS OF SALTS CLEANS KIDNEYS

If your Back hurts or Bladder
bothers you, drink lots
of water.

When your kidneys hurt and your
back feels sore, don't get scared and
proceed to treat your stomach with a
lot of drugs that excite the kidneys
and irritate the entire urinary tract.
Keep your kidneys clean by taking
your kidneys clean by flushing them
with a mild, harmless salt which re-
moves the body's uric acid waste and
stimulates them to their normal ac-
tivity. The function of the kidneys is
to filter the blood. In 24 hours they
strain from it 500 gallons of acid and
waste, so we can readily understand
the vital importance of keeping the
kidneys active.

Drink lots of water—now can't drink
too much; also eat very plain food—
about four servings of salt. Salts
take a half-hour in a glass of water
before breakfast each morning for
a few days and your kidneys will be
clean. This famous salt made from
the acid of grapes and lemon juice,
combined with Bitter, and has been
used for generations to clean and
stimulate clogged kidneys; also to re-
move the acids in urine so it is no longer
a source of irritation. This enables
bladder weakness.

And salts is imperative; cannot in-
jure, makes a delicious after-dinner
drink which everyone
should take now and then to keep
their kidneys clean and active. "Do
this, also keep up the water drinking,
and no doubt you will wonder what
became of your kidney trouble and
backache."

WATER METERS SUGGESTED FOR ALL PREMISES

Superintendent Turner Recom-
mends Council Provide a
Fund of \$75,000.

GREAT INCREASE IN
REVENUE EXPECTED

Emphasizes the Waste at Present
Which is the Result
of Flat Rate.

Superintendent Turner of the water-
works department has recommended
that the city council provide a fund of
\$75,000 for the purpose of installing wa-
ter meters in all premises served by the
city. If this expenditure is authorized
the superintendent believes that the in-
crease in revenue will be such as to
pay the department on the present time
and over which the department has no
control because of the flat rate and the
lack of efficient meters.

At the close of the year 1912 there
were 412 meters in use and during the
present year 1,250 have been installed.
He is noted that there has been a
decrease in the amount of water
pumped since the installation of these
meters.

That a proper basis for the meter
rent be arrived at, the superintendent
draws attention to the following facts:
At the commencement of this year
there was a deficit of some \$75,000
owing to the department which he
estimated at the rate of six per cent.
he paid:

The average cost per thousand
gallons of water delivered at the con-
sumer's tap is about 19 cents, made up
as follows:
Power house charges, 5 cents per
1,000 gallons; operating and mainte-
nance, 5 cents per 1,000 gallons; capital
charges, 5 cents per 1,000 gallons; total
19 cents.

Further, up to the present no provision
has been made for the depreciation
and obsolescence of waterworks
equipment, and when this provision is
made, as it must be, the departmental
deficit will be still further increased.
In view of these facts, Superintendent
Turner is of the opinion that it would
be very foolish to attempt any down-
ward revision of the water rates at
present. The proper time for this, he
states, is after the department has been
placed on a sound financial basis.

PROMOTIONS IN MILITIA.

OTTAWA, Dec. 16.—A militia order an-
nounces that Capt. J. H. Higham, Win-
nipeg, has been appointed a major to succeed
Major J. A. C. Carr, who has been ap-
pointed a lieutenant. Capt. W. H. Cohen and
B. M. MacLeod have been made captains.

WORKERS' CLAIMS SUBMITTED.

Winnipeg, Dec. 16.—The first session
of the G. T. P. conference, held at
Winnipeg, has been a most successful one.
During the course of the conference
the claims of the men and sub-
mitted the schedule which he wanted
to be included in the G. T. P. con-
tract. The name as adopted by the
N. R. G. W. of the G. T. P. was
that the demands of the men would
mean an increase in operating expenses
of 25 per cent.

FEVER CLOSES A SCHOOL.

CANADA, Dec. 16.—The Hultan school,
one of the largest of the local public
schools, was closed yesterday on an
order of the board of health on ac-
count of the prevalence of scarlet fever.

ANNUAL MEETING OF THE CHILDREN'S AID ELECTS OFFICERS

Reports Are Presented Cover-
ing the Work Done During
the Present Year.

RESOLUTIONS DRAFTED FOR
GOVERNMENT AND COUNCIL

Home for Mentally Defective
Children is Suggested by
the Members.

At the annual meeting of the Chil-
dren's Aid Society, held last night in
the parlors of the Y.M.C.A., many im-
portant addresses were delivered on
the subject of the work of the institution,
followed by the election of officers for
the ensuing year. The officers elected
were: Hon. president, His Honor Judge
Edwards; first vice-president, S. J.
Lefebvre; secretary, H. H. Roche;
treasurer, M. S. Booth; hon. solicitor,
C. F. O'Brien.

During the evening two very im-
portant resolutions were passed which
read: "That in view of the increasing
demand on the agency's time, the city
be asked to appoint an assistant to Mr.
Dealy at the earliest possible date."

That this annual meeting of the
Children's Aid Society petition the pro-
vincial legislature to appoint a com-
mission to enquire into the very important
question of the mentally defective class
of individuals residing in Alberta, and
that an institution for the care of such
individuals be established as soon as
possible."

When the meeting had been declared
open at 8 o'clock by the president, re-
ports were heard from the matrons of
the children's shelter on Ross Place and
the children's boarding house on Boyle
street, also a report from Mr. Dealy,
the agent of the society. Their various
reports were most encouraging and
well received by those in attendance.

Following these reports an address
was given by the president of the
society, Judge Edwards, who is provincial
librarian. He gave a general synopsis
of the work done by the society since
its formation and had emphasis on the
growing need of such an institution. In
dealing with the financial problems, he
stated that the council had made a
grant of \$2,000 in June, 1912, and since
that time the work has been carried on
by public subscription, donations, grants
and membership fees. So fortunate
has the society been that the fact
that the treasurer's report showed a
balance on hand of \$25,355.

The report of Dr. F. F. Fallowell, the
physician of the society, showed that
during the year there have been four
epidemics of contagious diseases among
the children—measles, scarlet fever, dip-
theria and whooping cough. During
the year 11 deaths have been recorded.

The physical culture and entertain-
ment provided for the children was
taken up in a report submitted by Miss
A. M. Jackson, the probation officer.
Her report showed that the physical
culture classes last winter had an en-
rollment of 78, the high school gym-
nasium being loaned by the school
board. Dr. F. F. Fallowell, the physical
director for the season.

A very interesting story of the work
done by the society was given by Miss
B. Chadwick, the superintendent of
neglected children. He first paid a
tribute to the care of the officers and
officials engaged in this work, not
forgetting the matrons, who are doing
nobly for the cause of the unfortunate
children. He emphasized strongly the
need for an assistant to Mr. Dealy, and
his plan may be considered and kept
up to date.

Mr. Chadwick stated that he hoped
to have a woman companion, recently
appointed to assist Archdeacon Gray
in the work of dealing with girls
in the juvenile court.

Other interesting addresses along
different branches of the work and
problems that appear to those most in-
terested were delivered by Col. B. B.
Edwards, Rev. C. Carruthers and W. B.
Cushing.

SPECULATION ABOUT VISIT.

LONDON, Dec. 16.—Viscount Spencer,
first lord of the admiralty, will
spend a three-weeks' Xmas vaca-
tion in Germany, on what is described
as a private visit. On the way to
Germany he will spend two or three
days in Paris, presumably to be ac-
quainted with the new ministers.
Much curiosity has been aroused as to
whether he may be connected in any way
with his recent proposal for a naval holiday.

TRAGEDY IN A BAR ROOM

Montreal, Dec. 16.—With a deep knife
wound in his left side, Henri Brisson,
37 years old, lies at his home in a seri-
ous condition. He was shot by an Italian,
22 years old, alleged to have done
the stabling, is locked up on a charge
of attempted murder.

Asma

THROUGH G.T.P. REGINA-CHICAGO TRAINS WILL RUN

Arrangements to That Effect
Made With Great
Northern.

WILL GO INTO FORCE
IN SPRING OF 1914

Canadian Northern May Ar-
range Also With Other
Railways.

Minneapolis, Dec. 16.—The Great
Trunk Pacific passenger trains direct
without change from Regina, Sask., will
be running into the new Great Nor-
thern station in Minneapolis and
through to Chicago early in the spring,
if a proposition now pending between
the Burlington Great Northern and
the Montreal general offices of the
Great Trunk system is adopted. It
became known today, although the
Great Northern officials refuse to dis-
cuss the matter in detail. The system
then will be on operating lines similar
to the through Chicago to the coast
trains which now come up to Cham-
paign, and to the Northern Pacific
which covers the Chicago-Minneapolis
mileage over the North-Western rail-
road, and to the Northern Pacific
on its own mileage throughout. The
run as proposed will be over the Bur-
lington line from Chicago to the Great Nor-
thern from Minneapolis to Fargo, New
Great Northern out off to Minn. thence
to the Great Northern coast property.

The lack of equipment given today as
the reason why the new operating plan
of the Great Trunk, which was ar-

ranged with the date January 4th ten-
days in mind, will become effective
in the spring instead.

Important beyond any recent devel-
opment in passenger train operation in
the Northwest is that in the pending
plan, the Canadian Pacific long main-
taining the shortest route to the coast
with the Soo line, entering ag-
gressively into competition for the pas-
senger and freight traffic originating in
Minneapolis.

The other local Canadian systems re-
cently have been reported as having
plans relative to Minneapolis entry.
The Canadian Northern operating over
its subsidiary, the Duluth, Rainy Lake
and Winnipeg road, enters Duluth and
competes vigorously for the traffic
of the head of the lakes, but the Cana-
dian Pacific is at this time the only
one of the great Canadian transpor-
tation companies having access to the
St. Lawrence river.

That the Canadian Northern, either
by the construction of a line or by a
traffic arrangement with the Omaha,
might enter Minneapolis following the
entry of the Great Trunk, is suggested
by today's development. That it could
make such traffic arrangement either
with the Great Northern or Northern
Pacific from Duluth, both Hill com-
panies and both having traffic alliances
with the Great Trunk, or could arrange
with the Soo line with its Canadian
Pacific connections if it is unlikely that
it could hook up with the Omaha, is a
possibility.

CITY TO OPERATE LINE

Saskatoon, Dec. 16.—As a result
of the action of the city council today
the radial line from Saskatoon to Su-
therland will be taken over and oper-
ated as soon as orders in council can
be secured authorizing this city to
operate the line.

CONSTABLE IS ACCUSED.

Vancouver, Dec. 16.—George Hanna,
provincial constable, who is the star
prosecutor for the crown in the Nanaimo
trial at New Westminster, has been
disappointed from the city. Hanna has
left with and three young children
and run off with a 19-year-old stenog-
rapher, Kate Dalley, from Nanaimo.
It is alleged.

MILD WEATHER SAVES COAL BIN AND AFFECTS MINE

Owners Will Have Difficulty in
Breaking Even This Year.

ABOUT HALF THE USUAL
OUTPUT BEING MINED

Unwise to Let Coal Bins Get
Too Low for Cold Snap
Is Coming.

While the citizens of Edmonton are
chiding with gloom over the extremely
open winter and the fact that they are
saving many dollars on their coal bills,
the dealers in the city and surrounding
districts are wondering just what they
will do when it comes to paying divid-
end, or at the very least breaking even.

According to the calculations of C.
A. Hyndman, manager of the Dawson
Coal Company, the companies in the
coal business have only been turning
out about half their usual output at
this season of the year. To show that
it is not very far out on its calculations
the company has taken up the coal
to be a daily output of something like
2,500 tons a day from all the mines
around Edmonton. There are at present
not more than 1,000. He reckons that
there have been at least 48 days at
the rate of the fine weather, and that there-
fore the citizens have saved some
\$400,000 in coal, representing a total
consideration of \$250,000, this price
being based on an average cost of
\$2.50 per ton for all grades of coal used.

While the people are naturally in-
clined to view this big saving, and not
spending their money in coal, a timely
word of warning has been sounded by
W. C. McKay, of the Standard Coal Co.,
when he states that it is not wise for
Edmontonians to let their coal bins
get too low, because one of these days
an unusually cold snap might set in,
and then a big rush would be made for
the coal companies. The result would
be that the coal bins would be empty,
and the coal companies would be in a
very bad way. The result would be that
the coal companies would be in a very
bad way. The result would be that the
coal companies would be in a very bad
way. The result would be that the coal
companies would be in a very bad way.

would of warning has been sounded by

way. The result would be that the coal
companies would be in a very bad way.

not only are the coal men feeling
the effects of the fine open winter, but
the wholesale and retail merchants are
also at a loss to know what they will
do with their heavy stock of winter pro-
visions, especially furs. Very few are buying
furs except those who are already ready
to buy no matter what the conditions
of the season. Many who otherwise
would make purchases are now taking
the view that the winter may be very
short, and they might as well make the
old fur do this season. The merchants,
on the other hand, are hoping
that there will soon be a rush in a
cold snap that will send thousands to
the counters where they may buy all
kinds of heavy winter apparel and thus
relieve the anxious look that is now on
the faces of the merchants.

THANK OFFERING FOR US.

LONDON, Dec. 16.—The Duke and
Duchess of Portland have given to
ward out the debt on the King's
ward wing of the hospital at Mansfield,
Notts. The gift is in thank offering for

TO IMPROVE PRETTY HAIR AND BEAUTIFY UGLY HAIR

Harmony Hair Beautifier, a delightful liquid hair dressing, is just what it is named—a hair beautifier. No matter how pretty your hair now is, it can be made to look even better by using Harmony Hair Beautifier. To those who mourn because the hair is stringy, dull, lustreless and homely, Harmony Hair Beautifier will prove a real blessing and pleasure. It seems to polish and burnish the hair, making it glossy, silky-soft and more easy to put up in graceful, wavy folds that "stay put." It overcomes the oily smell of the hair with a dainty, true rose fragrance very pleasing to the user and those around.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous relief rather than immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments.

Continue nothing that can harm the hair: leaves no harshness or stickiness—just a sweet cleanliness. Both preparations come in an all-glass, very ornamental bottles, with sprinkler tops. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. So in this community only at our store: The Retail Store—only in the United States, Canada, and Great Britain, which own the Harmony Laboratories, Toronto, where the celebrated Harmony Perfumes and Toilet Preparations are made.

A. Archibald, 121 Jasper East.

BERNHARDT ACHIEVES SUCCESS IN OWN THEATRE

Paris, Dec. 16.—Madame Sarah Bernhardt achieved a great success last night in her own theatre on the Place Du Chatelet, in "Frisian, Bernard's five-act melodrama, 'Gloria Dore,' in which she acts the role of the mother of a youth who killed his god-father in order to obtain money for his sweet heart.

Mrs. Bernhardt's role is a long one. She begins at her son's trial, which occupies one scene. After the boy is condemned to death she persuades the father to look her to have a last interview with her son. In the darkness the youth believes the woman to be his godfather, who has come to bid him goodbye through the iron railings which separate the mother and her son. He kills her, thinking he kills his godfather.

WHAT IS REAL BEAUTY? Women in different countries have what they call "beauty." Arabians, to add to their charms, stain their fingers and their lips blue. In Persia the women paint a dark streak around their eyes and ornament their faces with various colored patches. Hindu women, who wish to be particularly lovely, cover their faces with a mixture of saffron and grease.

However from the complexion of a Maccortie woman be, she would think herself very ugly if her face was not powdered with red, blue and yellow paint. In Fiji the native women stain their faces with red and white stripes as an ornament.

In some parts of India the teeth must be dyed red to be beautiful. The Chinese women stain their teeth black. New Zealand ladies also favor the ebony hue, while Japanese ladies desire their teeth by covering their teeth with gold leaf.

Persian women have a strong aversion to red hair, and when it is this color they dye it black. In Turkey, on the contrary, red hair is reckoned a great beauty, and the women tint their locks their pet color.

The Sanchi girls of eastern countries dye their finger nails with henna; while the Turkish women stain their lips a purple color.

A Chinese mark of beauty consists in having the finger nails so long that cases of lacquer are necessary to preserve them from injury.

Do not needlessly deny your kiddies the few little things that would make their Xmas joyful. "There is a way you should not neglect through which you can turn the useless articles about the house into money. It is The Capital Wax Ad. Way. How much pleasure a little Wax Ad might bring to the kids.

Edmonton, Alta.—A beautiful secret about red staining hair with wax ad. Quite inexpensive and decidedly harmless. Buy \$1.00 to \$2.00, 228 Broadway St. Hair sure to return; and perfect color, waxes, a purple, pink, blues and blackheads will disappear.

NO FEDERAL LAWYER AT SUIT AGAINST INCOME TAX.

(Miss Elsie De Wolf.)

Washington, Dec. 16.—The decision of Attorney-General McMeekins to not appoint a federal representative for the suit of Miss Elsie De Wolf, former actress and now society interior decorator, who seeks to test the income tax section of the tariff law, will not keep the suit from being pressed to a decision, and the judgment of the court will be binding and effective regardless of whether the government is represented or not. Miss De Wolf contends that according to the scale of taxation provided by the new law, poor men will be taxed more per dollar than rich men.

hand of Octavia and his restoration to his own country. "There are a number of other very entertaining and interesting films shown. The organ solos were executed capably and much appreciated by the large audience.

For Wednesday and Thursday the Empress announces "The Knights of Rhodes," a wonderful war drama of the middle ages, in three parts. This film too combines education with thrilling sensation and pleasing entertainment. The moving picture world, the highest authority for motion picture productions, in reviewing "The Knights of Rhodes," has this to say: "Few pictures recently shown offer greater variety in action and costume and scenes. It is a credit and should win the support of the best classes."

ANIMAL PRODUCTION AT MONARCH THEATRE

Great Three Part Feature "Raid of the Human Tigers" Will Make Genuine Hit.

At the Monarch there is being offered a three-part animal feature, "The Raid of the Human Tigers." It is quite certain that this picture will be a genuine hit.

Director Harry Monty, one of the foremost producers, directed this feature, while L. P. Sanders, trainer, took care of the animals. It was during the taking of this picture that Captain Frisbie, playing the part of the Afridi chief, entered the pond where a score or more of huge alligators were kept. He carried with him an improvised canoe, which—and it is distinctly shown on the picture—was forced to use unmercifully to avoid being caught by the snapping jaws of the brutes. During the scene, the alligators were kept in a state of high tension.

The three scenes open the bill with some equilibrist work that is truly wonderful and makes the spectator hold his breath while the dangerous feats are being pulled off. They were given a generous recognition of the excellent character of their performance by the audience.

The Siphon demonstrated a thorough acquaintance with their musical instruments and rendered some very good selections, while Rice and Franklyn amused the audience with a clever skit.

"A Horse on Hogan." In which the Irishman comes to buy a horse from a supposed widow, while she thought he was a wealthy foreign nobleman, he was a wealthy foreign nobleman, he was a wealthy foreign nobleman, he was a wealthy foreign nobleman.

The real beautifier of the program, though, were the very clever performances of the baby elephant and the educated chimpanzee. The elephants are trained to an unusually high degree and their funny performances not only proved a source of wonder to the spectators, but they also kept them in continual roars of laughter. The monkey is really the funniest thing that has been seen in many a moon and should be seen to be thoroughly appreciated.

Three babies is taken prisoner and is brought to the dungeon to await certain death for his attack on the emperor. But he again escapes, and is brought to the emperor just as word is brought that the Huns have invaded Rome. Decabalus, who is to fight the invaders and is victorious. His reward is his mother's freedom and the

GILLETTE'S LYE EATS DIRT

ing the rehearsing of another scene a 300-pound alligator suddenly roared and lifted Captain Dalton and William Clifford off their feet. "It was the most curious feeling ever experienced," said Clifford later, in speaking of the narrow ribs the players are forced to take in order to secure the greatest amount of realism. But the producers are bent on giving the "movie" fans the best to be had, and the players have backed them up loyally.

Charles Hill and his bride, Ditha Barton, both of Kansas City, are on a honeymoon trip of 8,000 miles from their home to the new home in Argentina.

HACKING COUGH OF TWO MONTHS STANDING

Cured by Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne

You know how hard it is to get rid of a cough that has hung on for ever so long. Let alone two months. So you will appreciate what Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne did for Mr. Patrick Holland, of East Ballie, P. E. I. He says:

"I suffered from a hacking cough for over two months. I tried several remedies, but they failed to cure me. At last I tried Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne, and got such relief that I tried more. The cough was absolutely cured."

The unique scientific combination of three such reliable remedies makes Na-Dru-Co Syrup of Linseed, Licorice and Chlorodyne the best preparation that has ever been offered for all sorts of coughs and colds. Get a 25c or 50c bottle from your Druggist and see for yourself how effective it is. National Drug and Chemical Co. of Canada, Limited.

CINCINNATI OBJECTS TO PAY TINKER \$10,000

WALTER MILLER DEFEATS TREMBLAY SECOND TIME

Montreal Lightweight Champion Beaten in Two Straight Fights—
Takes Nearly Two Hours to Do Trick—Winner Uses
Scissors Around the Neck and a Bar Hold.

WINNIPEG, Dec. 14.—Outweighing his opponent by fully 12 pounds, Walter Miller, of St. Paul, again proved his superior power over Eugene Tremblay, of Montreal, the lightweight champion of the world, in two straight fights here last night, and some of the greatest wrestling ever seen here. The waterweight champion won his first fight in the first round, the second round the neck and a bar hold, but it took him nearly two hours of the most strenuous kind of

STEPMOTHER AFTER
KILBANE.

Johnnie Kilbane, lightweight champion pugilist of the world, whose stepmother has started proceedings against him in Cleveland. Mrs. Kilbane says \$25,000 damages, alleging that the fighter influenced his blind father against her.

DUNNY'S DOPE

There may be good skating on the Thistle rink this year—but when? Of the 17 lights in the "Y" gym (which is far too few) seven are "out," which leaves only 10 small electric bulbs to light a gym 20 x 50. Let there be more light.

The "old timers" have four of the "senior team" among their number, and are billed to play Brandon on December 23, but if Saturday night's performance is a sample of their best "senior team" form, then they had better step down and give the senior league leaders, the McNagalls, a run for their money.

Those who attended the senior basketball meeting some three weeks ago at the "Y" to see the schedule, etc., and were so anxious to have the "old timers" picked, then and there, to represent Edmonton against outside teams, will perhaps now see the folly of their ways. The "old timers" are not showing their old form, and it might be just as well to have some new faces on the representative Edmonton team this year.

Almost 20 entries have so far been received for Calgary Herald road race on Christmas Day, and several local runners intend to take part in it as well, there being no such event here on that day.

We would like to see an annual road race established in Edmonton for Christmas Day. The event would attract thousands of spectators, and would give the score of so of local runners a chance to show their "class." And we have more runners and better runners than Calgary has at any time in its history.

Of course it is too late now to arrange one for this year, but before another year rolls round let someone offer a suitable challenge cup or trophy to be contested for each Christmas Day. Nearly every other large city in Canada has such an event.

Jack Hall, winner of the Capital road

CINCINNATI NOT SATISFIED WITH TINKER DICKER

Directors Turn Down Arrangement to Pay Shortstop \$10,000.

WANT PITCHER, TWO PLAYERS AND \$15,000

Overrule Agreement Made by Their President in New York Last Week.

Cincinnati, Dec. 14.—Two players, a pitcher, an outfielder, together with \$15,000 in cash are now asked from Brooklyn club by the Cincinnati club in exchange for the services of Shortstop Joe Tinker. Instead of the straight sum of \$10,000, the Cincinnati club, not satisfied with the cash sale of Tinker, and asked for a choice of pitchers, Reason and Tinsley, and outfielders Moran and Stengel, with a cash bonus of \$15,000.

It is understood that the Cincinnati club directors objected to paying \$10,000 to Tinker out of the \$25,000 to be received for him, and want Brooklyn players instead.

'PEG' LOSES BAXTER FAMOUS IN FOOTBALL

Secretary of Winnipeg Soccer League Takes Up Residence in Edmonton Soon.

WINNIPEG, Dec. 14.—Winnipeg soccer football has suffered a serious loss in the departure of Tom Baxter, secretary of the Winnipeg and district league, to take up more important duties in Edmonton. While the loss will make itself felt in all local football, the league with which he has been so long connected is the greatest loss.

The following games are yet to be played in the last half of the present schedule at the Olympic Bowling alley:

Dec. 17—Albertas vs. Wanderers.
Dec. 22—Albertas vs. Capitals.
Dec. 25—Edmonton vs. Wanderers.
Dec. 26—Albertas vs. Olympics.
Dec. 29—Edmonton vs. Albertas.
Dec. 31—Capitals vs. Olympics.
Jan. 2—Albertas vs. Olympics.
Jan. 5—Edmonton vs. Capitals.

The Ash is Important

The ash of a cigar furnishes a good indication of its quality. If a cigar is made from short "filler," that defect is sure to show up in the ash.

Take particular notice of the long, even, white ash of

Webster's Clear Havanas

It is sure evidence of careful workmanship, and proves that a long "filler" leaf of high quality is used.

The finest leaf grown in the Vuelta Abajo district of Cuba is our requirement for these cigars.

Cuba's 1912 crop quality was superlative, so we laid in a huge stock of it, enough to make thousands upon thousands of Cigars and thereby insure continued high quality in Webster's Clear Havanas for several years to come.

Sold at most good shops, in various shapes and sizes. Popular "Brevets" shape, two-for-a-quarter.

BOTHNER BEATS MONTANA IN WRESTLING MATCH

Former Lightweight Champion Defeated Italian Middleweight Champion in Straight Falls.

New York, Dec. 14.—George Bothner, former lightweight wrestling champion, defeated Italian middleweight champion, Bothner, although conceding 15 pounds to the Italian, won in straight falls.

KNOX PRACTICES.
The Knox hockey team will practice every Tuesday and Thursday evening in the covered rink, south side, from 7 to 8 o'clock.

TWELVE DEATHS RESULT FROM BEING STRUCK IN HEAD BY BALL

Three Lost Their Lives From Foul Trips—Reports Show That All Players Killed Were Unskilled in the Game and That No Major Leaguers Suffered Fatal Injuries.

CHICAGO, Dec. 14.—Fifteen deaths constituted the toll in baseball games during the 1912 season, according to figures compiled and published here yesterday. The reports show that the greatest death toll was in Chicago, where three persons were killed by pitched balls.

SENIOR PENNANTS PRACTICE HOCKEY

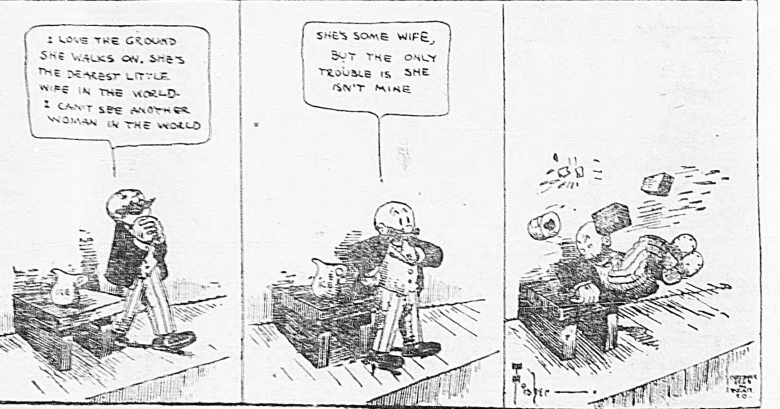

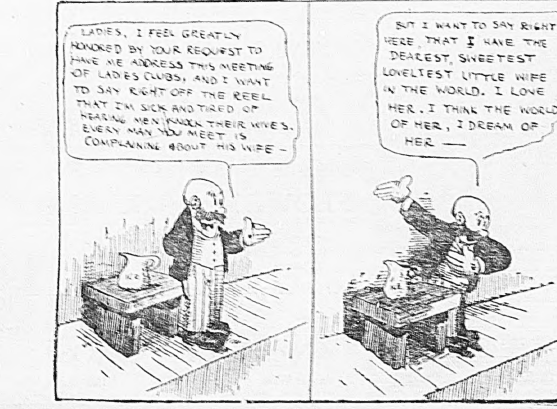

Plenty of Good Material Available for Fast Seven in Northern Provincial League

Bill Bailey who captained the Eskimos team this year, put the senior Pennant hockey team through their paces last night for over an hour at the south side rink. Bailey is trainer and coach of the Pennant teams and has a lot of good material to work with as was witnessed last night. The week-end press has been going on in the Pennant ranks the last few days and these now remain about ten good men from which the representative team will be chosen. Jimmie Reid who has turned up the ice the past two seasons was out, also his biggest brother, Cliff, an ex-Saskatoon player. He should make good at the cover-point position with Jimmie at rover. Knowlton, Spence, Gibby and Cliff Russell put in a good night's work and McCurdy and Donohue showed to good advantage. Clyde Sutherland who will tend the net for the Pennants was not on hand. Ben Skinner and Grant also had a workout. This was the Pennant's first real practice and they showed up remarkably well considering that fact. The Pennant intermediate team will practice tonight from 8 to 9 at the high level rink. Christmas day there will be a double header at the South rink between the two Pennant teams and the two south-side seven and on New Year's day they play the Port Arthur team in that town.

BOTH GOT A GOAL.
Chicago, Dec. 14.—In the quarter-finals of the 1914-15 hockey season, the Port Arthur team defeated the Eskimos 2-1. The Eskimos, who had won the 1913-14 championship, were defeated by the Port Arthur team in the quarter-finals. The Port Arthur team, coached by Bill Bailey, was the favorite to win the championship. The Eskimos, coached by Ben Skinner, were the defending champions. The game was a close one, with both teams scoring goals. The Port Arthur team won the game 2-1.

TWAS A BURNS VICTORY.
St. John, N.B., Dec. 14.—Cyclone Burns took two out of three falls from Len Lezbe, the Pictouganian giant wrestler, here last night in the York theatre.

BAILIFF'S SALE
Under and by virtue of a Distress War-
rant given by F. R. Crompton against
the late F. R. Crompton, deceased, the fol-
lowing, which shall be sold in public auc-
tion at Queen's Avenue West, First
Floor, at 10 o'clock, on the 17th day of
December, 1913, the following: A house
situated at 174, CROUGHTON & CO.
Limited, Alberta.

THREE CASES BEFORE THE JUVENILE COURT

Linda Tantalize Chinaman, Others Steal
Baby Buggy Wheels and
Fruit.

A number of cases were tried in the
juvenile court yesterday afternoon. The
most serious case was where two news-
boys had assaulted a Chinaman on
First street using a catalogue to tan-
talize him, and when he objected to
this they further tormented him, as
only boys know how. Both boys were
placed on probation.

Two boys appeared for having helped
themselves to a pair of baby buggy
wheels. The two boys, seeing a baby
carriage standing on the street, got to
work and started to take the wheels
off for later use on their own wagon,
but the owner was a little too quick
for them, and the boys found them-
selves in the juvenile court. After
getting a few words of advice they
were allowed to go on probation, re-
porting to Mr. Tait, boys' secretary of
the Y.M.C.A.

Four boys were charged with taking
fruit from the basement of the Mc-
Kenney block after the fire, but as
there was no one to prove the charge
against them, they were let off with a
warning.

PROTECTION FOR LITTLE ONES ON HIGH LEVEL

Trades and Labor Council Ask Rail-
way Commissioners to Have Guard
Placed Over the Rails.

The trades and labor council held its
regular semi-monthly meeting in Mc-
Kenney hall last evening, and was very
well attended. A notable feature of the meet-
ing was a reading of a letter which
marked the members as a result of the
council's action, not alone in the direction
of Mr. Kinney to the council board, but
also of a letter of one who were left
childless by the death of a child.

As predicted in Saturday's Capital,
the council passed a resolution asking the
railway commissioners to have a guard
placed on the high level bridge to
protect little children from falling into
the river between the wide curbs which
now exist.

The council also decided to ask the
railway and the city council to proceed
with the bridge project during the winter
months, so as to mitigate as far as pos-
sible the period of non-employment which
always exists at this season of the year.

A communication was read from Rev. J.
C. McIntyre, minister of justice, in answer
to a letter from the council, stating that
all steps possible would be taken to see
the alteration of the improved bridge.

BIRTH.
At St. Catherine's Hospital, December 5,
to Mr. and Mrs. Wm. Adams, a daughter.

NEWS OF THE CITY

Going to Vancouver—Dr. G. C. Pelton,
of the firm of Pelton and Pelton, private
bankers, is leaving after his return from
Vancouver, where he will look after the
business interests of the firm.

Canadian Donations—Holders are
reminded of the Canadian Donations
of the firm of Pelton and Pelton, private
bankers, is leaving after his return from
Vancouver, where he will look after the
business interests of the firm.

Christmas Entertainment—The College
Society will give a Christmas enter-
tainment next Thursday evening in Al-
berta College Auditorium, University
grounds. This school wishes to furnish a
child's ward in the new Strathcona hos-
pital, and collection will be taken at the
entertainment for this purpose.

Master Blacksmith—The members of
the Master Blacksmith Association spent
a most enjoyable time in their association
dinner in the Goodrich block last even-
ing. The forepart of the meeting dis-
cussed the many important subjects of the
association, after which light refreshments,
speeches and recitations were the order of
the day. The association will hold its
annual meeting on the second and
third Mondays of next month, and all
master blacksmiths are invited to attend.

Wild Ducks at Beaver Hills—A large
number of wild ducks have been seen
in the vicinity of the Beaver Hills. This
is the first time that wild ducks have been
seen at this late season in the vicinity
of the Beaver Hills.

Father Died—The primary teacher in
the Highlands school, Mrs. J. H. Smith,
was informed that her father had died
at Winnipeg. She started last yesterday
for her home.

Ladies' Aid Sale—The Ladies' Aid
sale will be held on Wednesday, Decem-
ber 17, at 10 o'clock, at the Highland
Park Presbyterian church.

Christmas School Holidays—On Friday
next will be the day of the school
holidays. All schools have closed for the
Christmas holidays, which will last for a
couple of weeks.

Religious—The regular monthly
Gatherings of the Yuletide will be held in
the Strathcona hall on Wednesday, De-
cember 17, at 8 o'clock.

Thirty Years in Winter—A "winter"
left the Prairie Province yesterday
afternoon. The cold was not so severe
as last year, but it was still a winter.

Train Canceled—Commencing Sunday,
December 21, G.T.P. trains No. 3 and 4,
between Edmonton and Calgary, will be
canceled. The C.N.R. depot at 5:40 p.m. and
arriving at 10:50 a.m. will be canceled.

W.C.T.U. Meeting Tonight—The W.C.T.U.
meeting will be held at 8 o'clock, at the
Huff block, this evening.

Temperance Field Day—A field day for
temperance was observed in the town of
Canmore and surrounding district on Sun-
day, December 14. Special meetings were
held in all the churches, and large audi-
ences were present.

Special Collections—Special collections were
taken on behalf of the funds of the Alberta
Temperance Association. The following is
a list of the special collections:

Effective Chimney—The firemen re-
ceived a call to a fire about noon today.
The fire was put out by No. 2 fire
company. The damage was slight.

Chartered Accountants—The Chartered
Accountants' Association will hold a
meeting at 8 o'clock, at the Alberta
College, First Street. The lecturer will
be Mr. J. C. McCann, C.A., who will hold
the first of a series of lectures on the
topic of "The Chartered Accountant's
Position in the Future."

Chartered Accountants—The Chartered
